

# MINTRAC

NATIONAL MEAT INDUSTRY TRAINING ADVISORY COUNCIL LIMITED

## Resources for use by plant personnel and trainers – newly released and under development

MINTRAC Network meetings Jan-June 2018

# Waste water management materials

Location: <https://www.ampc.com.au/resources/environment-resources/wastewater-management>

Consists of:

- **Manual**
- **Videos:**
  - Reducing Wastewater Generation
  - Upstream Wastewater Treatment
  - Anaerobic Ponds
  - Aerobic Ponds
  - Biogas Capture, Storage and Combustion
  - Nitrogen Removal
- **Fact Sheets:**
  - Reducing waste water generation
  - Upstream wastewater treatment
  - Anaerobic ponds
  - Areobic ponds
  - Biogas, capture, storage and combustion
  - Nitrogen removal

# Biogas capture, storage and combustion

Located at:

<https://www.ampc.com.au/resources/environment-resources/biogas-capture-storage-and-combustion>

Consists of:

- **Manual**

- **Videos**

- Safety Guidelines for Operators Working On or Near Biogas Capture, Storage and Combustion Systems
- CAL and Related Infrastructure Design Safety Guidelines

- **Fact Sheets**

- Safety Guidelines for Operators Working On or Near Biogas Capture, Storage and Combustion Systems
- Design Safety Guidelines for CALs and Related Infrastructure

# Resources for schools

<https://www.ampc.com.au/resources/school-resources>

*All include written materials, videos, images, graphic resources, student project file and other information*
